Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

The objectives of **ARIEES** are to help universities (and potentially adult training centres) to improve:

- 1) their entrepreneurship courses by infusing impact investment know-how and
- 2) to upgrade the digital competencies of lecturers/trainers to ensure that the impact investment knowledge can be properly infused into the learners, while
- 3) certifying competences and boosting the quality of entrepreneurship trainers.

We are excited to invite you to the six webinars covering impact investment to clean tech, sustainable, deep-tech, ICT, cultural, creative startups; business model transformations; and ways of engaging private and public impact investors.

**Before joining recorded webinars, please register using [this form](#)**

## EBAN IMPACT INVESTING SURVEY

We are proud to be driving research surrounding impact investing in startups that are dedicated to a societal or environmental cause. This is why we are supporting the **EBAN Impact Investing Survey**. That way we empower impact investors by giving them the data and the facts to make informed investments.

Help **EBAN** produce crucial and much needed research in the field of impact investing by filling out the second edition of the EBAN Impact Investing Survey:

### [EBAN IMPACT INVESTING SURVEY](#)

The purpose of this survey is to better understand impact investing activity and trends across our community.
